

GALLERY

Visit the Gallery and look for an artist or designer you have never heard of before. Draw a picture of their artwork below!

READING GARDEN

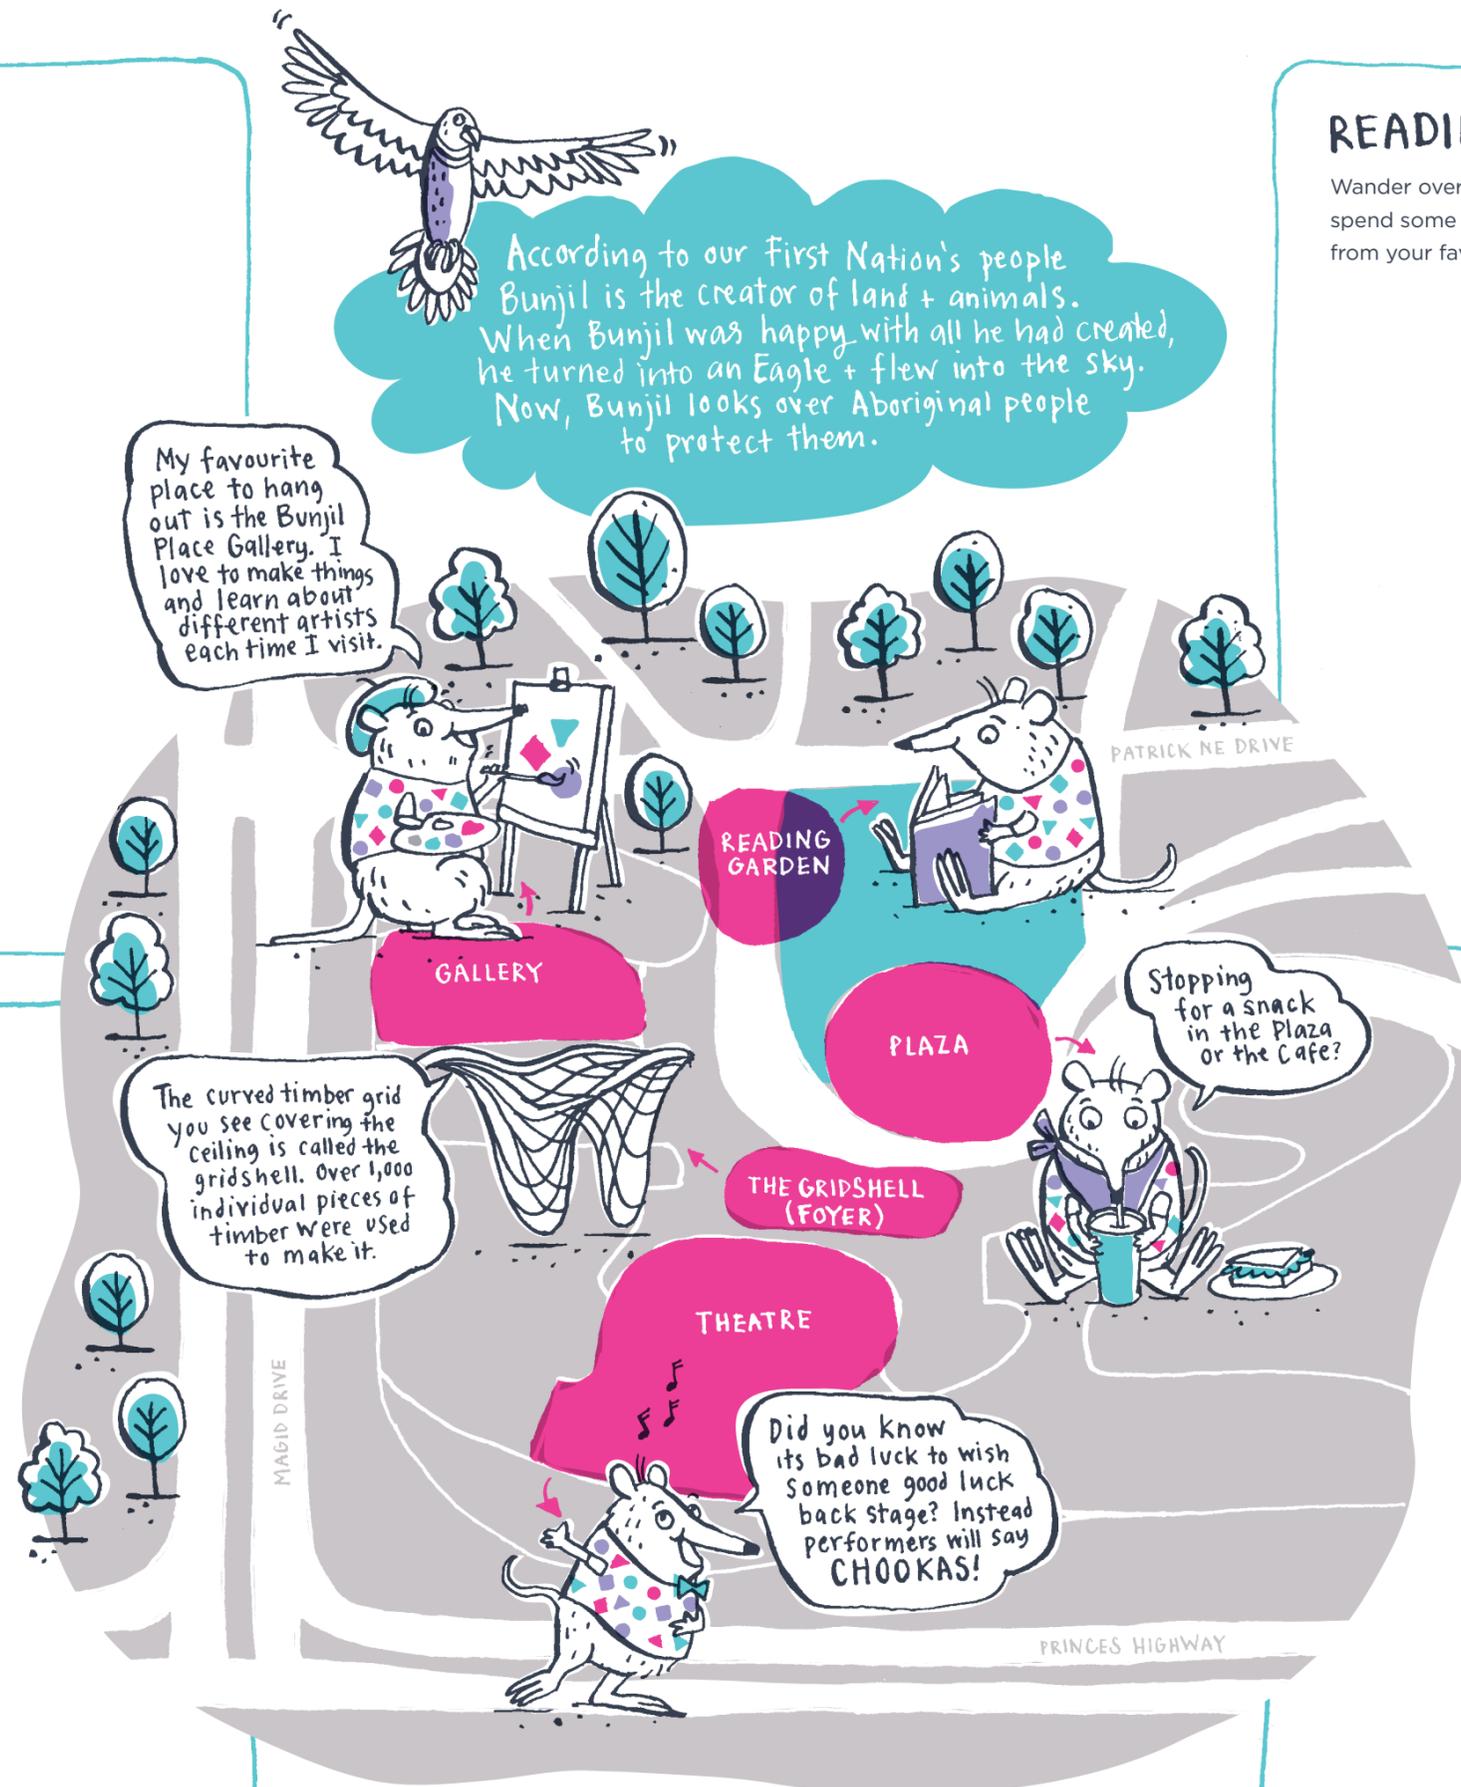

Wander over to the Reading Garden and spend some time sketching a character from your favourite book.

THE GRIDSHELL (FOYER)

Spend some time sketching the gridshell. **Tip!** If you lie down and look up at the ceiling, you'll see some interesting shapes!

PLAZA

Draw your all-time favourite snack.

According to our First Nation's people Bunjil is the creator of land + animals. When Bunjil was happy with all he had created, he turned into an Eagle + flew into the sky. Now, Bunjil looks over Aboriginal people to protect them.

My favourite place to hang out is the Bunjil Place Gallery. I love to make things and learn about different artists each time I visit.

The curved timber grid you see covering the ceiling is called the gridshell. Over 1,000 individual pieces of timber were used to make it.

Stopping for a snack in the Plaza or the Cafe?

Did you know its bad luck to wish someone good luck back stage? Instead performers will say CHOOKAS!

FUN FACT!! The Southern Brown Bandicoot is native to the City of Casey!

BUNJIL PLACE

What is your favourite part of Bunjil Place?
Draw a picture below!
